

Home made Jet Engine

ajay_bhargav, Mon Oct 30 2006, 11:36 pm

Atlast we made it..

this was all stated sometime back.. me and my cousin decided to make this project. We got inspired from RCDON's GR-1 jet engine and decided to make our own. After passing all the mile stone and pit falls we made this project a reality.

for more please look into www.rickeyworld.info/jetengine/

Credits for the project:

Â Vibhor Sharma - Design and Â Engineering (My Cousin)

Â Ajay Bhargav - Design and engineering (Me)

RCDON - The Inspiration
