Working Demo of Home Automation Over Internet

ajay_bhargav, Wed Apr 04 2007, 07:04 pm

Dear Friends,

As per request from all of you. I made this demo of Home Automation Over Internet.

Here i am showing

» How to open a connection.

» How to close a connection.

» How to switch on/off.

» How to send sms.

» How to check status.

I hope this will help you understanding, how Home automation works

so have a live experience of home automation over internet.

Click here to see the demo:

Note: This demo is made from a real project not just a flash movie.

Enjoy!
